February 23, 2010

To whom it may concern,

It is with pleasure that we at the Town of Penhold recommend Timcon Construction Ltd. to you, as we have had the opportunity to work closely with them over the past several months. We have found them to be extremely honest, professional and proficient in every level of consideration.

Their attention to detail and willingness to work in a spirit of cooperation with ourselves has seen the plans for our 100, 000 sq. ft. multiplex facility move towards completion. The exceptional work ethic and organizational skills of the Timcon group, have resulted in the most effective construction project we have worked on to date.

It is worth special noting that we are under budget and ahead of schedule with no incidents or accidents reported to date. This in itself is no accident, as we have worked side by side with Timcon through this project watching their progress, and can say with certainty that we have made the right decision in awarding this project to them.

We would be happy to assist or answer any questions you may have with regards to our working relationship with Timcon and their representatives.

Again we would have no reservations recommending Timcon Construction Ltd. to you.

If you have any questions or concerns please contact Rick Binnendyk (CAO for the Town of Penhold) at [cao@townofpenhold.ca](mailto:cao@townofpenhold.ca)

Respectfully,

Rick Binnendyk  
CAO - Town of Penhold
